Subscribe for Your Home Newspaper

Every member of the Tobacco Growers' Cooperative Association should be a subscriber to his home newspaper. There is none more interested in the welfare of the farmer or more likely to do everything possible to enhance that welfare than the editor of your country paper, nor anyone who has more loyally aided our association.

The Tri State Tobacco Grower will tell you each month what is going on in the Tobacco Growers Cooperative Association. Your county paper however, will tell you every week what is going on in your association, in the county and the world. The information the farmer obtains from his local paper in a week is worth the whole year.

Subscribe for your county paper and keep your subscription paid up. You owe that much to your local civic pride, and you certainly owe it to your county editors, who have been your best friends.—From Tri State Tobacco Grower.

Buckingham

There was a sale of the goods of the estate of the late C. B. Denton at his late place of residence on Saturday last, by John B. Boatwright administrator, W. T. Snoddy was auctioneer and W. W. Haskins acted as clerk. The ladies were out in full force and baught freely especially in the lines of goods that they knew the value of better than men.

One of my old time friends is said to have lost several bets he made on the vote cast in the primary; his idea was that ex governor Davis would carry the city of Richmond. The writer who said that "Man is unco weak and little to be trusted" was right, and when we find some one of our friends has failed to measure up to what we expected we regret that we knew the circumstances.

There were several severe hail storms in Buckingham and adjoining counties and great damage was done to growing crops of corn and tobacco.

An error in transmitting the election returns, or rather the vote cast in Tuesday's primary gave Mr. Davis' majority at less than it was, the official court showed that Davis got 698 votes in this county and that Swanson got 290 votes.

Mine operators in the coal fields of West Virginia are now writing to old coal miners here advising them not to come to the mines at this time. Most of these men had hurried up their farm work of laying by their crops thinking to go to the mines and work until wheat sowing time came.

Rev. Charles Barrell while in one of the northern cities recently had his pocket picked and the thief got $20 of his money.

Mr. Crouch has been running his truck to Richmond each week and the last trip he got a back load.

Mr. Henry Simpson will substitute for Mr. D. W. Patteson in carrying the mail while his vacation time lasts.

Mr. W. Lee Patteson continues very feeble at his home.

Two bright young men who might have gone to college with money they have saved have invested in automobiles, "Those who think still govern those who toil". I was recently in one of our higher institutions of learning and I was struck with the utter uselessness of some of the branches being taught.

Mrs. R. S. Ellis, Wiley Haskins, Owen Jeffries Monroe Johns, Luther Gilliam and Nelson Tindall are the six newly appointed school trustees to go into office September 1st.

Gasoline has declined two cents in the gallon.

Tobacco worms are growing while men take joy rides.

The warehousemen advertise that they will conduct sales of tobacco in Lynchburg under the old system of selling the weed.

Liberty bonds are selling at a premium and labor is at a discount.

Those men who bought land at a high price thinking to pay for it out of the gains made by selling farm produce now find this an up hill business.

Card of Thanks

I wish to thank all my friends and relatives for their kindness rendered us during the illness and death of my dear mother.
Mrs. W. W. Wooldridge.

APPOMATTOX SCHOOL

How Our Graduates Take with the World.

Former graduates of the Appomattox Agricultural School and what they are doing. If you judge an institution by its fruits, the Appomattox Agricultural High School calls for your tention:

Jamie Gills, manager Appalachian Power and Light Co.
Geo. Turns, practicing physician, Medical College.
Louise Gills, housekeeper.
Mary Babcock, manager of large store, Blackstone College.
Fanny Taylor, housekeeper-teacher.
Lynolie Atwood, at home, Hollins.
Jacqueline Atwood, at home, Hollins.
Cabell Foster, housekeeper-stenographer.
Venona Sears, housekeeper, N. and W. Railway.
Grace Hancock, deceased, teacher, normal.
Curtis Taylor, banker.
Chas. Reynolds, railway attorney, Washington and Lee.
Willie Walton, principal-teacher, Richmond College.
Jerry Burke, teacher and business man, W. and L.
Eleanor Coleman, teacher-housekeeper.
Mollie Drinkard, principal high school.
Ella Inge, teacher and housekeeper.
Willie Smith, teacher-housekeeper, Farmville Normal.
Walter Durham, teacher, president Real Estate Ass'n, Richmond, Richmond College.
Ernest Smith, expert dairyman, V. P. I.
Wilmer Smith, expert agriculturalist, V. P. I.
Robert Walton, clerk, N. and W. Railway.
Lobelia Drinkard, principal of school, Farmville Normal, deceased.

Margurite Hancock, will attend college.
Earl Patterson, at the Normal.
Lydia Rodgers.
Annie Scruggs, will attend college.
Annie Snell, will attend Normal.

Some whose plans are not known are omitted.

Governor of Kentucky Says Cooperative Marketing an Unqualified Success

Recently, Dr. L. M. Massey, Zebulon, N. C, wrote direct to Hon. Elwin P. Morrow, Governor of Kentucky, and asked Governor Morrow whether or not the cooperative marketing association had been a genuine success in Kentucky. The warehousemen, who are fighting cooperative marketing, had so many wild statements on the subject that Dr Massey decided to ask the Kentucky Governor himself for the facts.

Following is the reply as received by Dr. Massey:

"Dr. L. M. Massey, Zebulon, N C.

"My Dear Sir:—I have your letter asking me for information concerning the Cooperative Marketing Association in Kentucky. By this I suppose you mean what we commonly refer to as the Tobacco Marketing Association.

"I do not know directly the bookkeeping facts of the association. I do know, however, that the tobacco growers of the state are very happy and thoroughly delighted with the operations of the association thus far, and that they have the most joyful confidence in its success. The sales, prices, etc., have been entirely satisfactory to the growers, and from every indication, the association seems destined to make a great success I know that the people who have pledged and delivered their tobacco, as a whole, are highly satisfied.

"Most sincerely yours,
EDWIN P. MORROW,
"Governor."

Thorough Soil Preparation Is Easy the Fordson Way

BECAUSE the Fordson has plenty of power and is fast running, Fordson farms are known as the best tilled farms in the community. Good plowing can be followed promptly by good discing because the man who drives a Fordson is soon through with one job and ready for the other. This thorough tillage, of course, results in bigger crop yields.

Because of its scientific design and easy handling qualities, the RODERICK LEAN AUTOMATIC ENGINE DISC HARROW, specially designed for the Fordson, inspires its owners to pulverize thoroughly both before and after plowing.

THE RODERICK LEAN AUTOMATIC is as necessary to economical tractor farming as the special tractor plow. Operated from the tractor seat, it provides easy, thorough soil preparation with the Fordson. Strong for power requirements, flexible for short turning, and adjustable to meet all soil conditions. This is the proper disc for Fordson tractors—the one disc harrow preferred by Fordson owners,

Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

THE GREATEST FARMER IN THE WORLD

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

We'll send this literature to you each month without obligation on your part if you will ask for it.
